

## Yellowboy

### *Mine Water Pipe Additive and Cleaner*

---

#### Uses

Yellowboy pipe additive is a specially designed product for use in cleaning pump discharge lines with minimal effort.

#### Advantages

- **Simple** – Yellowboy additive is simply added to the suction side of the pump
- **Minimal Labor** – Can eliminate the need to change out discharge lines
- **Fast** – Results are visible within minutes
- **Safety** – Safe for equipment and people when used with basic precautions

#### Description

Yellowboy pipe additive/cleaner was developed in response to customer demand for a simple, cost-effective means of cleaning pump discharge lines of iron contaminants. Once added to water, the liquid reagent starts to work immediately. As the pump draws the reagent into the contaminated pipe, the iron build-up is loosened and begins to break up. Evidence of the reagent's cleaning power is seen as chunks of material appear at the discharge end of the line. Yellowboy additive is environmentally safe when used as directed.

Consult your local Minova representative for additional application information.

#### Instructions for Use

Yellowboy additive is not intended for use with completely blocked pipes. The resulting pressure build-up may rupture lines and cause injury. Workers should take precautions such as eye protection, rubberized gloves and other protective clothing.

1. Pour Yellowboy additive into the suction side of the pump, whether directly into the suction line or straight into a sump.
2. With the pump running, watch the discharge end for broken up material.
3. Add more of the product, as in step 1, until the desired amount of cleaning is accomplished.
4. Periodically add Yellowboy additive to the system to keep pipes free of build-up.

#### Packaging

55 gallon disposable drums, 4 drums per pallet; weight is approximately 490 lbs per drum.

#### Shelf Life

At least six months when stored in a cool, dry place in original 55 gallon drums.

### **Important Note: Warranty**

Minova USA Inc. warrants that its products, at the time of shipment, conform to the applicable descriptions set forth in the invoice and are free from defects in material and workmanship. NO OTHER WARRANTY, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, SHALL EXIST IN CONNECTION WITH THE SALE OR USE OF ANY MINOVA USA INC. PRODUCT, AND ALL SUCH WARRANTIES ARE HEREBY EXPRESSLY DISCLAIMED AND EXCLUDED.

All claims under this warranty must be made in writing to Minova USA Inc. within 15 days after discovery of the defect, and within 90 days of the date of shipment by Minova USA Inc. of the product claimed defective. Upon timely receipt of a claim, Minova USA Inc. shall have the option either to inspect the product while in Buyer's possession or to request Buyer to return the product to Minova USA Inc. for inspection. Claims not made as provided above and within the applicable time period will be barred. All warranties shall be null and void if the products have not been stored and used in accordance with procedures recommended by Minova USA Inc.

Minova USA Inc. shall, at its option, either replace the nonconforming or defective product or refund to Buyer its purchase price. The foregoing constitutes Buyer's sole and exclusive remedy for any breach of warranty.
